Average Income for 30-49

€ 45.70K

Average Income

Average Debt for 30-49

€ 67.10K

Average Debt

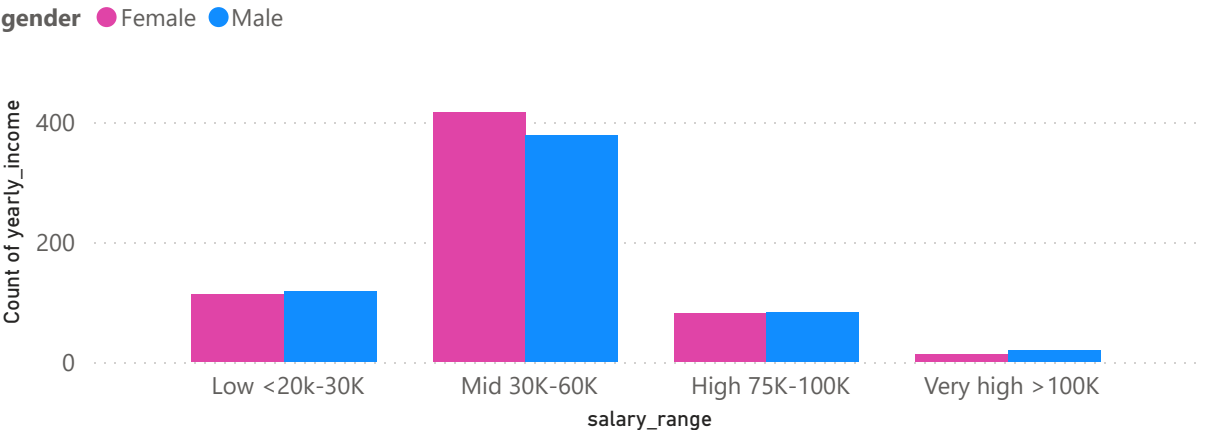

€ 45.12K

€ 58.20K

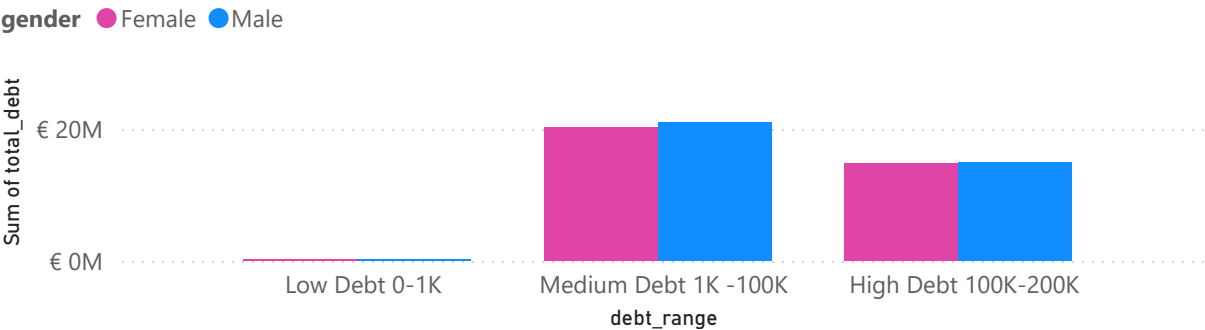

Yearly Income vs Total Debt by Gender

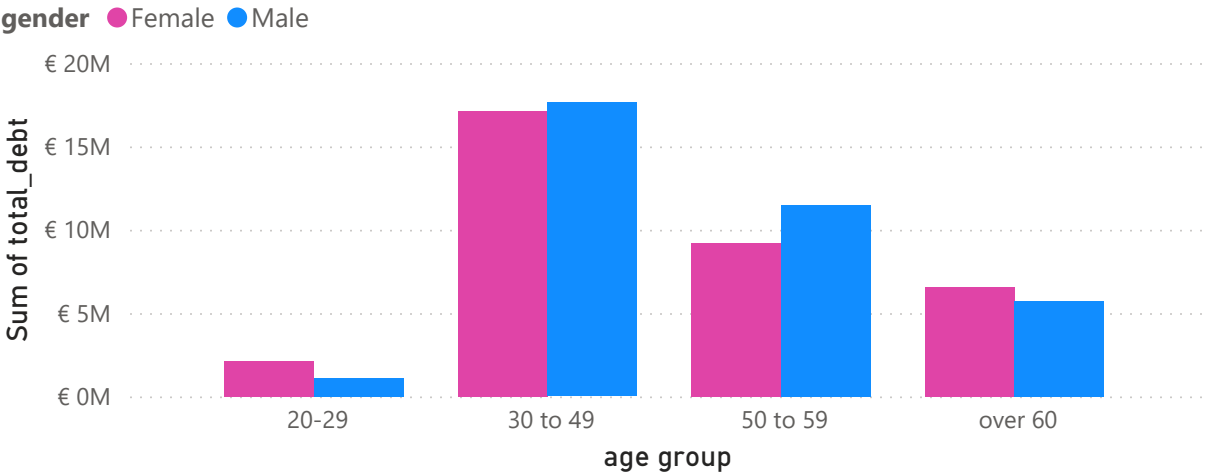

Salary Range by Gender

Debt Range by Gender

Debt by Age Group by Gender

Gender

Female

Male

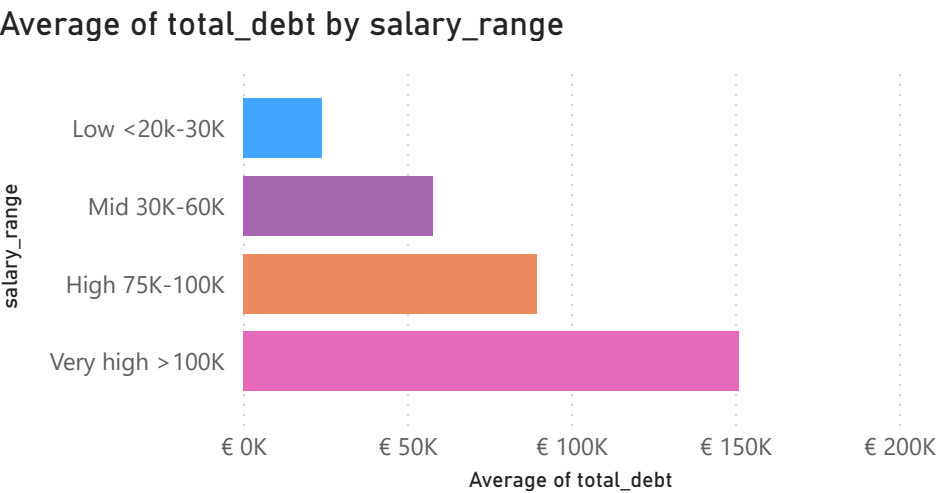

Age Group

20-29

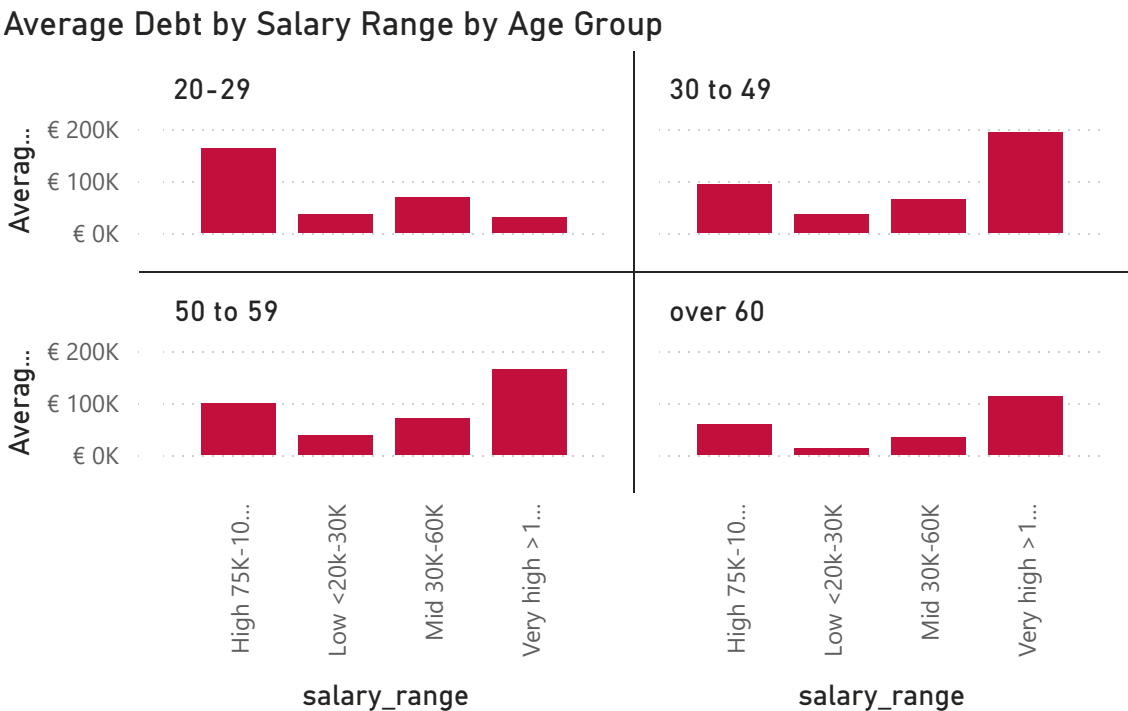

50 to 59

30 to 49

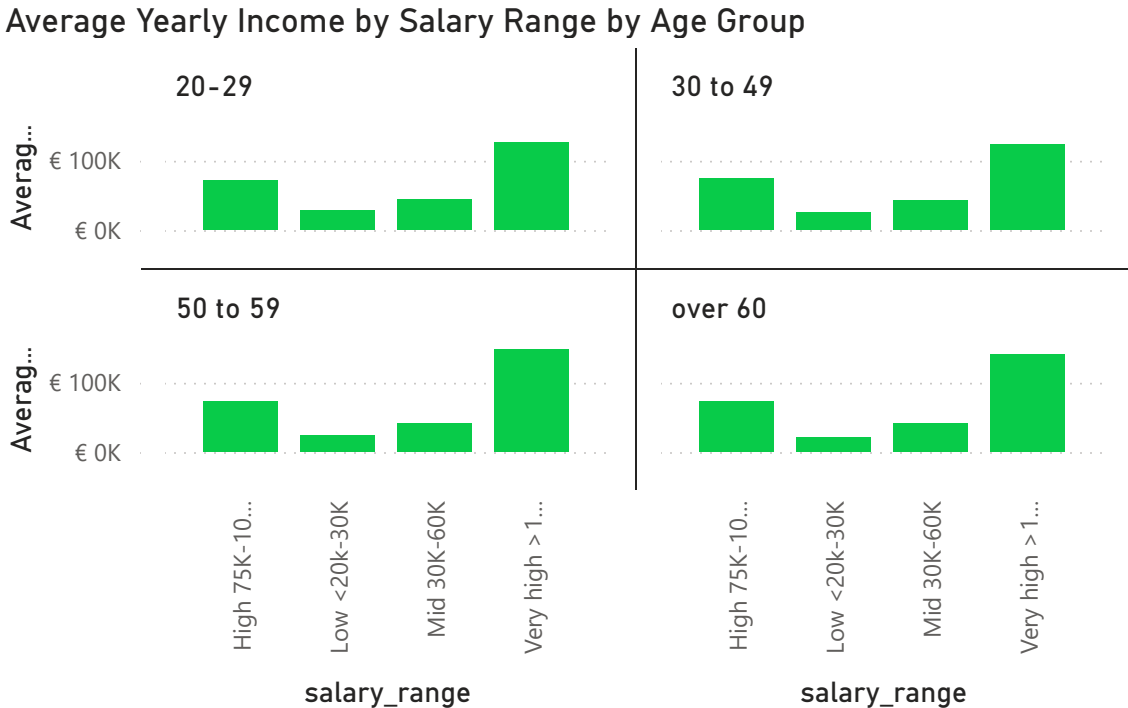

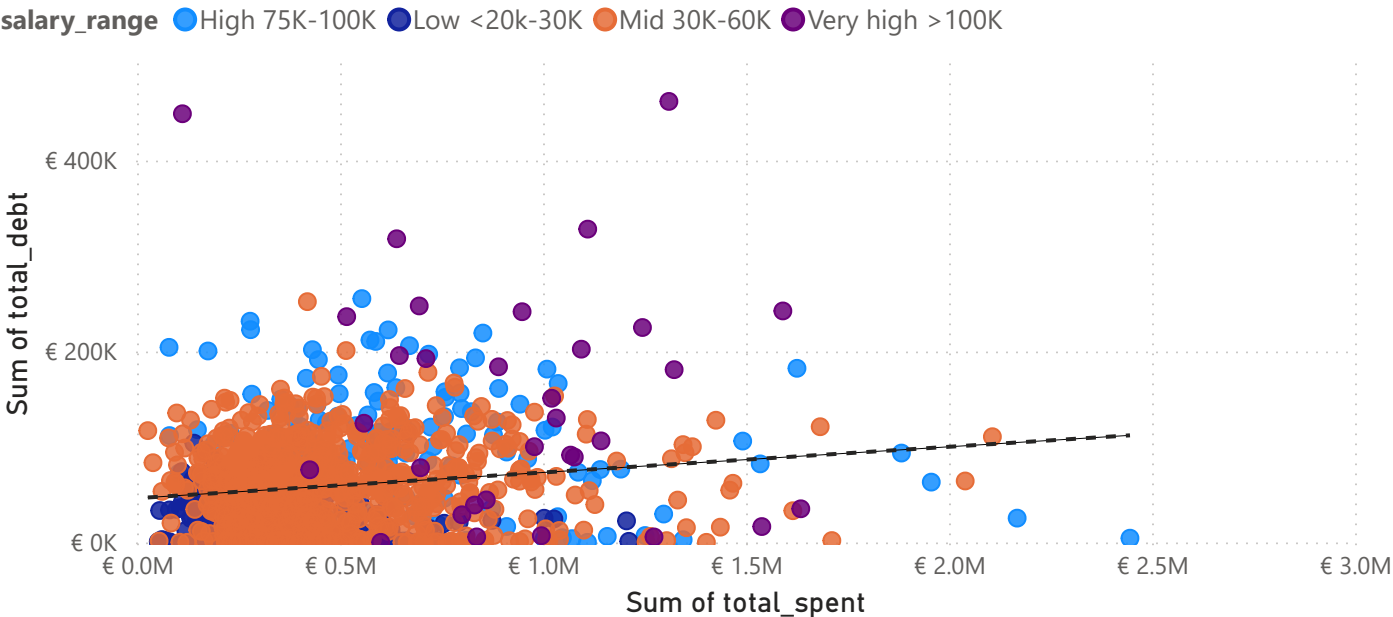

over 60

The *higher* the *income* the *higher* the *debt*, but the *total debt does not increase* significantly based on the total of *expenses*

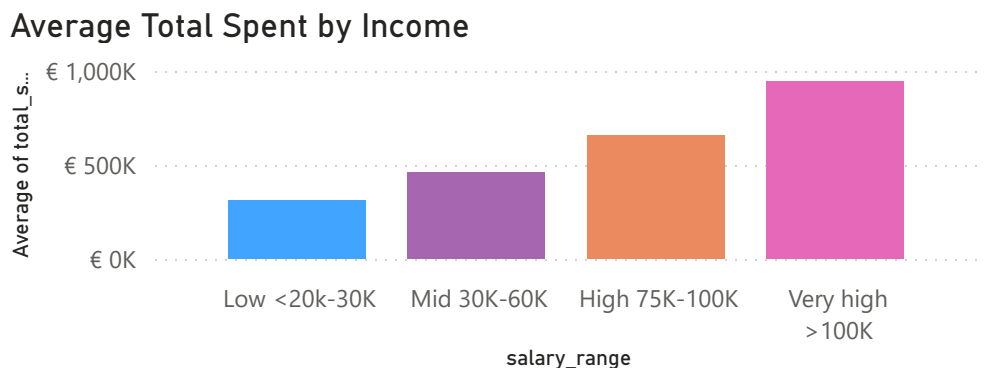

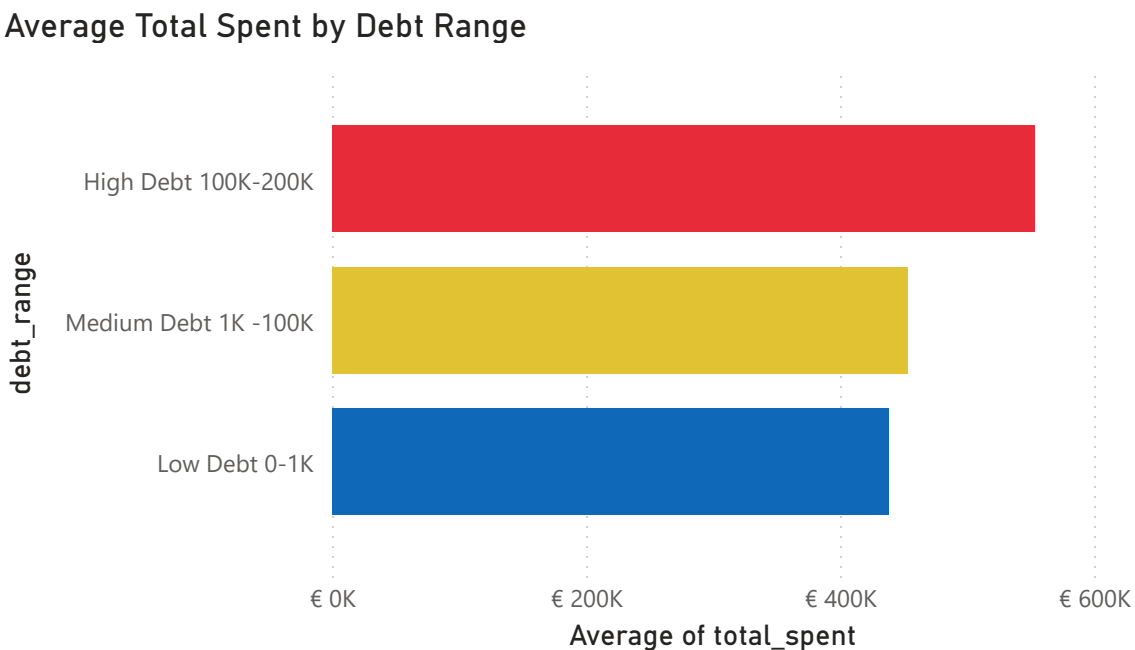

Average Total Spent and Debt by Salary Range

Gender	
Female	
Male	

Age Group	
20-29	50 to 59
30 to 49	over 60

Those who spend the most have *higher salaries*, and overall a *higher debt*, however there are some *outliers* that deserved closer look though they are having *expenses* of over one million with a relatively *low income* and a relatively *low debt*

Median of Total Transactions vs Average Spent vs Total Debt by Salary range
